

8 December 1965

Dear Mr. President:

In anticipation of President Ayub's visit the Department of State requested the United States Intelligence Board to consider the consequences of certain U.S. courses of action with relation to our policy toward India and Pakistan.

The Intelligence Board completed this estimate on 7 December and I am sending you an advance copy of the final text in hopes it will prove useful in planning for President Ayub's visit.

Respectfully yours,

(signed) W. F. Raborn
